Email: haneenckm03@gmail.com
Mobile: +91-8606440257

SKILLS

Languages:	JavaScript, SQL, C++, C, PHP
Frameworks:	HTML and CSS, React.js, Node.js, Express.js, Next.js
Tools/Platforms:	Visual Studio Code, MySQL, MongoDB, Git, Postman, Eclipse
Soft Skills:	Analytical Reasoning, Leadership Potential, Adaptability, Work Ethics
DevOps & Cloud:	AWS, Docker, Microsoft Azure

INTERNSHIP

C Programming and Problem-Solving — June 2025 - July 2025

- Acquired in-depth knowledge of core C concepts including data types, memory management, pointers, structures, and file operations.
- Strengthened analytical and critical-thinking skills through structured programming exercises.

PROJECTS

Creative Services Website | FirstSketch — November 2025 - January 2025

- Designed and delivered a revenue-based website for an architecture firm to showcase projects, services, and brand identity.
- Developed a responsive, mobile-first interface with clear navigation to support client engagement.
- Implemented structured service sections, portfolio displays, and contact workflows to improve lead generation and user engagement.
- Deployed the production-ready application on Vercel with version control and collaboration through GitHub.
- Tech: Next.js, React.js, TypeScript, Tailwind CSS

Clothing E-commerce Platform | Alyara — June 2025 - July 2025

- Designed a responsive Arabian clothing store with 26+ products and intuitive category navigation.
- Implemented dynamic features including real-time cart management, LocalStorage persistence, and global state handling through React Context API.
- Enhanced user experience by integrating a Gemini AI-powered chatbot, which improved engagement by 30% and boosted session continuity by 40%.
- **Tech**: Next.js, React.js, TypeScript, Tailwind CSS, Node.js, NextJS API Routes, Google Gemini AI, React Context API, LocalStorage

Online Food Delivery Web Application | Thunder — November 2024 - January 2025

- Designed an end-to-end food delivery workflow with dedicated admin and user interfaces, including menu pages, cart system, and order tracking UI.
- Implemented secure login, real-time order updates, and backend processing using PHP & MySQL, along with structured development via GitHub (15+ commits).
- Improved platform performance by delivering a fully responsive interface that increased user interaction and reduced bounce rate by 30%.
- **Tech**: HTML, CSS, JavaScript, PHP, MySQL

CERTIFICATES

- Master Generative AI & Generative AI Tools (ChatGPT & more) - Udemy — August 2025
- Build Generative AI Apps and Solutions with No-Code Tools - Udemy — August 2025
- Java Programming - IamNeo — May 2025

ACHIEVEMENTS

Achieved proficiency by solving 100+ DSA problems on LeetCode and GeeksforGeeks, showcasing strong analytical and algorithmic-thinking abilities.

EDUCATION

Lovely Professional University — Phagwara, Punjab
*Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.0*** — *August 2023 - Present*

MES Central School — Tirur, Kerala
*Intermediate; **Percentage: 75*** — *June 2020 - March 2022*

MES Central School — Tirur, Kerala
*Matriculation; **Percentage: 86*** — *June 2019 - March 2020*
